

3. Part I of the Eighth Schedule is repealed and replaced as follows-

“Part 1- Industrial Rebates

1. In this Part, unless inconsistent with the context-
“manufacture” includes to refine, and cognate expressions shall be construed accordingly.
2. Where the expression “Description of Materials” set out in Appendix A to this Schedule includes more than one item, the description used shall be deemed to include any or all of the items individually or collectively specified in that Appendix under that subheading.
3. A person who wishes to-
 - (a) manufacture goods under rebate in an industry specified in Appendix A shall apply to the Commissioner General on Form No. 81 for registration in that industry; and
 - (b) manufacture goods in an industry specified in Appendix B shall apply to the Commissioner General on Form No. 81 and Form EX 37.
4. An applicant for registration in accordance with paragraph 3 shall supply such information as the Commissioner General may require as to the conduct or proposed conduct of his manufacturing business, and the information to be supplied shall include cost of production indicating the value of imported raw materials, overheads and local materials to determine value addition.
5. The Commissioner General shall, for every two years, appoint an Advisory Committee comprising officers of the Malawi Revenue Authority, whose functions shall include-
 - (a) to assess applications for registration under Industrial Rebate;
 - (b) to assess additional raw materials under existing industries and proposed industries under rebate;
 - (c) to recommend to the Commissioner General approval of new industries or additional raw materials; and
 - (d) to determine value addition which is more than 20%, by using the applicable formula.
6. The recommendations of the Advisory Committee envisaged under paragraph 5 (c) shall be submitted for publication in the gazette twice (i.e. in January and June) in every financial year.
7. A registered manufacturer shall enter into a bond with sufficient surety and for an amount, equivalent to half of the total cost of the raw materials, or in the case of a new manufacturer an amount of less than K2, 000,000, which will be represented on goods imported on average per month, to be determined by the Commissioner General.
8. A manufacturer may, before or after registration, be required to provide on the premises approved by the Commissioner General for the purpose a properly secured store, adequate for the safe storage of materials on which duty may be rebated, and to provide at his own expense any necessary fastenings so that the store may be locked with a customs lock.
9. A registered manufacturer shall-
 - (a) when effecting entry on importation; or
 - (b) on removal from bond; or
 - (c) on removal from the premises of a licensed excise manufacturer, of materials intended for manufacture under rebate, declare on the relative bill of entry that the goods are to be used solely for the purpose specified.
10. A registered manufacturer shall keep a stock book, in a form approved by the Commissioner General, showing full particulars of all receipts and disposal of materials entered for manufacture under rebate, in such manner that the materials can be readily accounted for to the satisfaction of an officer. If a manufacturer fails to keep a stock book in the manner prescribed in this paragraph; any rebated material received by the registered manufacturer during the period when the stock book was not so kept shall be deemed to have been used for a purpose other than that for which the rebate was granted unless the manufacturer satisfies the Commissioner General that the material was used, transferred or disposed of for the purposes for which the rebate was granted.

11. With the written permission of the proper officer, a registered manufacturer may transfer to another registered manufacturer materials entered under rebate of duty if a declaration of transfer on form No. 86 is furnished to an officer at the port at which entry of the materials on importation or removal from bond or from the premises of the licensed excise manufacturer was effected.

12. Subject to the provisions of paragraph 10, a registered manufacturer shall not, without the written permission of the Commissioner General or proper officer, sell, use, remove from his factory or dispose of any rebated material except for the purpose for which the rebate was granted:

Provided that-

(i) the Commissioner General or proper officer may allow waste rebated material to be disposed of without payment of duty if he is satisfied that it will not be used, without further manufacture, for the same purpose as material which is not in the form of waste; and

(ii) if the registered manufacturer is permitted or properly required to pay the full duty on any rebated material which thereafter needs to be released from the terms of the bond, the registered manufacturer shall enter such material in accordance with the provisions of regulation 26 or regulation 98, as the case may be.

13. The receipt on the declaration of transfer referred to in paragraph 11 shall be completed by the registered manufacturer to whom the materials have been transferred who shall thereafter assume the obligation in respect of the materials in the transfer and, failing the return of the receipted declaration to the officer within 14 days after the transfer was authorized, the person transferring the materials shall be liable for the duty otherwise payable thereon and shall pay such duty on demand.

14. A registered manufacturer shall, when required by the Commissioner General to do so, carry out under the supervision of an officer, at such times as the Commissioner General may consider necessary, any manufacturing operation in which materials entered under rebate are used.

15. The Commissioner General may at any time cancel the registration of a manufacturer if he is satisfied that such manufacturer is not complying with the conditions of the bond.

16. (1) At the time of registration and annually thereafter not later than the 1st day of January in each year the manufacturer shall pay to the Commissioner General a fee of K5,000:

Provided that if the manufacturer is registered after the 30th day of June in any year he shall pay a fee of K2,500 in respect of that year.

(2) If a registered manufacturer does not pay the annual fee on or before the 1st day of January in any year the registration of such manufacturer shall be cancelled on and from the 1st day of January of that year.

17. (1) The rates of duty in Part III of the Customs and Excise Tariff on goods specified in Appendix A when imported by a registered manufacturer for use in the industry for which he is registered and to which such goods relate, shall be rebated to an extent sufficient to reduce the rates of duty thereon to the rates specified in Appendix A.

(2) The rates of duty in Part III of the Customs and Excise Tariff on goods specified in Appendix B when delivered to a registered manufacturer for use in the industry for which he is registered and to which such goods relate, shall be rebated to an extent sufficient to reduce the rates of duty thereon to the rates specified in Appendix B.
