PUBLIC NOTICE

DISCONTINUATION OF BULK CLEARANCE OF FUEL

The Malawi Revenue Authority (MRA) is informing the general public and the business community that with immediate effect bulk fuel clearances will no longer be facilitated.

This measure has been necessitated by the need for proper and efficient reconciliation of fuel import volumes into the country. Fuel importers are therefore encouraged to make use of prelodgement facility available at all Customs Stations in order to avoid unnecessary delays in the clearance of this very important and strategic commodity.

The general public is therefore urged to take note of the contents of this public notice and comply accordingly. For further information, you may contact **Chimwemwe Kawalewale** on **0888345735**.
